

North Shore/Cape Ann Community Resource Manual 2020

About this Manual

This manual is intended to be used as a guide to the many organizations that serve low-income youth and families in Cape Ann and on the North Shore, which include the towns of **Beverly, Danvers, Essex, Gloucester, Hamilton, Lynn, Lynnfield, Manchester-by-the-Sea, Marblehead, Middleton, Nahant, Peabody, Rockport, Salem, Saugus, Swampscott, and Wenham.**

In the first section, providers are grouped by the type of services they offer. Because some organizations are listed more than once, all details about an organization, including all North Shore/Cape Ann office locations, will appear in the first entry. Successive entries will contain only the name of the provider, phone number, town, relevant services and office locations.

We apologize for any omissions of, or mistakes relative to, the names of and/or information about organizations. We will endeavor to correct those omissions/mistakes in future editions. In this edition, we have included only programs and services to which a family may self-refer. We hope to expand to all programs/services in future editions.

Feel free to e-mail us at familyenrichment@pw4c.org. or contact us by telephone or by mail with changes, additions, or deletions.

Special thanks to those who are responsible for the development of this manual. Cassandra Reyes, Gordon College intern at Lynn Juvenile Probation, provided vital assistance on the creation of this edition of the manual. We also greatly appreciate the support of Salem State University, the staff of Children's Friend and Family Services, and the Youth at Risk Conference Committee for their work on this edition of the manual. The Children's Law Center's previous work on this manual made this all possible.

A-CRA

A-CRA is an evidence-based treatment for 12 – 24-year-olds that use substances or have a history of substance use. A-CRA is tailored to adolescents/young adults and supports recovery from substance use by reinforcing a person's strengths. The model aims to help adolescents understand the many factors which may be contributing to their use and works to connect them with positive, rewarding social activities in their community. A-CRA can be completed in as little as 14 weeks or it can be incorporated as a holistic approach to a person's substance use and mental health needs. CFFS is committed to ensuring that all adolescents and young adults - regardless of insurance coverage - have access to substance use treatment.

To inquire about A-CRA, SU services, or to make a referral, contact CFFS' A-CRA Coordinator, Mary Chao, at mchao@jri.org.
